John:

Could you please let me know if you (or another person from EPA) would be attending the meeting on the 13 March (from 1000 to 1200)? Thanks

John:

This is a "Formerly Used Defense Site (FUDS)" that is being investigated by the USACE following CERCLA protocol. Although EPA is not the lead on this project, I want to keep EPA in the loop in the decision making process (in addition to PADEP and local government). So, to answer your questions, your presence in the meeting will definitely add value to our discussion. With regard to site visits, I encourage EPA to make at least one or two trips to get an idea of the site. Hope I answered your question.

Hello Kikkeri, it was also nice talking to you, I am sure. For me to better assist you, I'll to know: is this just a meeting that the EPA person would be attending or would this EPA person also be included in any site visit? I spoke to my supervisor and a EPA person will be assigned and will be contacting you.
Thanks John

John:

It was nice talking to you this morning. I have scheduled a meeting with the State and the local governments on 13 March from 1000 to 1200 hours (please see below for details). I found your name in one of our project files and hence contacted you. Please let me know if you are the right person on this project. Thanks very much.

Suresh

Hugh:

Re: Meeting on 13 March 2007 from 1000 to 1200 in Willistown Township (Hugh Murray's office)

Just now I spoke with Justin Armstrong of PADEP and he will be attending the meeting. This is for your information. Thanks

Suresh,

I received your voice mail and am confirming March 13th at 10:00am at the Nike Site. I will call you to follow up and talk about the details of the meeting. Right now I am going to a meeting and will not be back for a few hours so I will try to call you this afternoon.

Thanks,

Hugh Murray

Hugh, Suresh:

National Park Service only transferred a deed for 12.17 acres to Willistown of the total of 16.9 acres. The balance of the 16.9 acres is owned and maintained by PennDot (2.02 acres) and a private citizen (2.71 acres). The point is that if we would like to use the land, we are restricted to the 12.17 acres, which are certainly plenty for the temporary use I envision.

Hugh, at some point I'll have Bill R. show me the layout of the land owned by each participant.

Suresh, how does either March 13th or 15th work for a visit to the site?

Jim
